Full Time Endodontics Associate

This letter is to introduce myself to you. My name is Dr. Mauricio Chavarriaga, and I currently have a practice (East Orange Endodontics) in Orlando, Florida. Orlando, Florida, is best known for its amazing attractions, fun-filled and exciting parks, and multicultural dining and entertainment.

With respect to my educational background, in 2003, I graduated from the Foreign-trained Dental Program at the University of Florida and completed my Endodontic Residency Program at the University of Michigan in 2007.

At this time, my company is looking for that extraordinary and exceptional person who would be willing to work side by side with me as the mentoring owner, as together we enhance each other's expertise in Endodontics.

We are seeking out an individual who can align themselves with cultural diversity and the company's values and standards of behavior – fully committed to the practice's growth. East Orange Endodontics is a well-established flourishing practice, presently inaugurating its second location in the Lake Nona area.

Servicing the Greater Orlando Community for 12 years, this company is privately owned. Our compensation package includes a guaranteed salary with incentives and bonus systems in place to maximize income and re-location allowance.

We have an excellent management team that handles all the practice's administration, marketing, and new patients. My team is my biggest asset.

To me, growing my staff personally and professionally is of utmost importance.

I believe in continuously training my employees in every aspect of life.

Here at East Orange Endodontics, we provide Continuing Education, which includes traveling to various seminars or forums.

My endeavor is to provide my entire team with a long-lasting, life-changing experience. I consider myself blessed to work with some of the most gifted, compassionate, and dedicated individuals who truly enjoy what they do on a daily basis.

We are not only a team; we are a family.
